I'd like to become a Dakshana Scholar and hopefully attend IIT because our country India needs a lot of improvement in many areas especially in the field of technology. This can be possible through IIT for which I am aiming to become an IITian.

Excluding Dakshana there are so many instutions which give us IIT coaching but I think Dakshana is the best institution which give as an excellent coaching, not only just IIT coaching it will provide more than that through which a student can be moulded to good citizen.

This is the platform where we can improve our othe skills like communicational skills, scientific skills etc. Not only that the Dakshana elders cares for us by taking so many personality development classes through which we can think in a broadway.

The facalty which is provided by the Dakshan is well experienced and can teach students in a better way. The books which the Dakshana provides has good explaination.

Although there are so many institutions which give coaching for IIT but they expect more money from the students, but dakshana will not expept anything exempt good coordination and discipline from the students. So people who are poor can crack IIT through dakshana.

Dakshana created a platform where people from different regions can interact with each other in a single classroom. Actually there is no others institutions in our country like dakshana which give intensive coaching for IIT. I sincerely tender my thanks for Dakshana foundation for providing me a wonderful oppertunity.

(You can use this form or a separate piece of paper. Please submit the essay in your own handwriting)
