Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because from my eairly childhood I had a dream to get IIT. JEE. It's a pristigious examination & no dout all science student intresested in Engineer had at least a dream to get IIT. But as it is the most difficult exam, it is most difficult for a tallented student to get passed with a good rank just prefering to the common college book (NCERT). Coaching is most nessary for it. Not only coaching but extra books also requaired. But getting coaching in a good institute will cost a lot; &, nearly impossible for middle class family like us. But By Dakshana foundation tallented student been selected & get chance to get coaching by national level centers which is just impassible in case of a middle class family to affor. Sides getting most experience teachers & good books for preparation. The foundation is doing things as to peek it up the diamond from the valley of coal & washing, polishing & utilizing

it.

By this scolar can be get a good study envourment. New tullented friends & experience teacher. Scolar getting away with many scientific phenomena which increase his intrest towards sciene & made him experience of it. Dealing with somany books enshance his scientific knowledge & make him abudant of these thing.

So, Solar must utilize this opurtunity & try to proper utilize it. I will give my hartly respect to the founder of such foundation. for such social works.
