Dear Student,

Here are six questions that will help us know you better. Please answer them truthfully and completely. The answers to these questions will not influence your selection as a Dakshana Scholar.

Introduce your family to us. Start with your father, mother and then your brother/s and sister/s. Tell us what they do, what they like or dislike etc. Also tell us what your immediate uncles (mama and chacha) do for a living.

There are only two members in my family, but it's happy. I have lost my father at the age of 3rd, I even don't remember his face. I have only seen it in photographs. At the age of only 23 my mother took decision to live with me only and she didn't marry again. She is so struggling woman. I don't even understand how the parent are so great, and selfless about their son or daughter. She is a working lady and labour also. And she also does farming own in our 3-acres land. My mother gave the challenge to life.

Why should you be awarded the Dakshana Scholarship? If you are not selected to be a Dakshana Scholar, what will you do?

I want to be Dakshana Scholar, because it is key to my success. If I will be selected, I will learn the very new things there, it will be an amazing task for life. I will get the best medical collage. But if I will not be selected it will disappoint me but will increase my confidence more. I will do more and more studies on own and will try to touch the peak point of success.

What is your ambition in life?

First my ambition is to complete my mother's ambition and that is her daughter one day will become a doctor and her deeds to be successful. My aim is to become doctor. It is fixed aim from very small age of mine around 6-7 years old, when I was in primary school. I want to serve the society also.

How would you like to contribute to the society and the world when you become successful?

Actually when I entered in Navodaya school gate there I read the motto of Navodaya i.e., "Come to learn and go to serve". From that time I decided to do some great and good for the society. As a doctor I can serve to many people. It is best way to treatment of poor people in free of cost. Because I most seen poor people to asking for money to rich people if any member of their family is sick or patient. And nowadays fees of hospitals, medicines is too more and I will give it to poor people, & will take their blessings.

Describe an incident in your life that has motivated/inspired you to do better.

Actually, there is no such one incident, but it is long time inspiration, from age of 3rd when I was so small, my father passed, my mother was crying so much, but then also she was thinking about me, and my life. And from that day she decided to live with me only not marry again and take the challenge of life to be my single parent. And from that day I inspired from her each day. And I think my life is only of her life, I will accept anything that she will tell me.

Tell us about your interests and hobbies.

My interests is in to go to many places and search for new things. And my hobby is to dance. I like it so much. Also I like to go in museums and to see historical things.
