Dear Friends:

Dakshana successfully completed its 17th full year of operations in 2023. Since inception in 2007, the IITs have accepted 3421 Dakshana Scholars (out of a universe of 5842) – a success rate of 58.6%. Not too shabby – considering that the IITs accept 1.3% of all applicants. Since inception, 6516 of our scholars have been accepted by the IITs, NITs, AIIMS and various medical colleges (out of a total universe of 8147), a success rate of 80%.

In aggregate, in 2024, out of 530 Dakshana scholars who were prepared for the IIT entrance test, 347 made it – a success rate of 65%. In addition, 8 scholars from the 2023 batch who did not make it to IIT the first time, were accepted by the IITs on their 2nd attempt in 2024.

Many of our scholars who are accepted by the IITs end up declining the IIT seat and going to NIT (National Institute of Technology) instead. They typically do so to pursue a more desirable major. The NITs are just a tad below the IITs in quality and reputation. In 2024, 456 of our 530 engineering scholars were offered IIT and/or NIT seats – an 86% acceptance rate! Thus, while our IIT acceptance rate since inception is 58.6%, well over 85% of our scholars end up at good engineering schools.

From the inception of medical coaching at Dakshana in 2016, out of a universe of 2305 medical stream scholars, 1820 have been accepted at various government medical colleges – a success rate of 79%. In 2024, out of a total of 355 Dakshana medical scholars, at least 261 were accepted by various government medical colleges – a success rate of 74%.

The eventual success rate of this batch will increase as some scholars go for the 2nd attempt in 2025. In addition, 29 scholars from the 2023 batch, who did not make it to government medical colleges the first time, were accepted by government medical colleges on their 2nd attempt in 2024.

The All India Institute of Medical Colleges (AIIMS) accepted 93 Dakshana medical scholars in their first attempt at NEET in 2024. AIIMS is the Harvard Medical School of India and accepts 2162 medical students annually (out of over 2.4 million applicants!). The AIIMS acceptance rate is approximately 0.1% – one in a thousand! In sharp contrast, AIIMS accepted over 26% of our scholars – 290 times the national average! Dakshana scholars were offered 4.3% of all AIIMS seats nationwide! All of our 2024 AIIMS stats are truly off the charts. In 2024, the scholars blew the doors off with their ultra-high success at getting offered AIIMS seats.

AIIMS has accepted 477 of our scholars (out of a universe of 2305) since we started medical coaching in 2016. This represents a success rate of over 20% versus a 0.1%

national admittance rate. The number of our scholars who have been accepted by AIIMS has frankly surprised me. It has vastly exceeded my expectations.

Congratulations to all the scholars, their families, the faculty, and Team Dakshana for all their hard work and sacrifices.

Scholar Home Visits

Every year I pick a state in India and visit a few of our alums in that state. I have been doing these visits for over 15 years now. These visits serve multiple purposes. First, I get to go see the deep remote hinterlands of the real India, which is awesome. Second, I get to evaluate whether we supported the right families. I randomly pick the state and scholars to visit. I have a selfish reason for making these trips. The days I spend visiting scholar homes are the best days of the year for me. Finally, interacting with the scholars and families in their homes gives me a first-hand feel for the challenges they face and whether Dakshana's income cutoffs are appropriate. This sampling is quite limited, but the anecdotal evidence is valuable.

I also try to visit scholar homes the year we finish coaching them. This ensures that I see the family before any financial upgrades have taken place in their lives. With 36 states and Union Territories, there is plenty of ground to cover before I start repeating states.

This year I decided to visit scholars in the state of Tripura. Tripura is a state in Northeast India which is bordered by Bangladesh. It is the third smallest state in India with a population of under 4 million. Approximately 15% of Tripura's population is tribal, mostly living in the various hills and mountains of Tripura. One of the scholars whose home I visited in Tripura is Naithak Tripura. His family is part of Tripura's tribal population. They somehow manage to survive on less than \$2 a day. They live in the mountains and eke out a bare bones living by raising a few goats and chickens.

I posted images from my visit on social media. The parents are very short and thin. Mostly bones. I do not think they consume sufficient calories daily and their bodies reflect it.

Naithak was accepted as a scholar by Dakshana in 2022 and went through two years of intensive IIT coaching at The Charles T. Munger Hall at JNV Bengaluru Urban. He was accepted as a Chemical Engineering major by IIT Jodhpur recently. This is Dakshana at its very best. Charlie would be so proud!

Our former CEO, Colonel Ram Sharma, accompanied me on the trip to Tripura. Before the trip, he was quite unhappy with my choice of Tripura. It is quite an underdeveloped place. Our visit took place during the monsoons, which are very intense in and around Bangladesh. We flew over the Ganges Delta in India and

Bangladesh. It is the largest delta in the world and large parts of it were totally flooded. As we were leaving Naithak's home, Colonel thanked me profusely for bringing him to Tripura. With tears in his eyes, he expressed to me that very, very few things in his long life had given him as much satisfaction and joy as his years at Dakshana.

Even with the intense monsoons with several submerged roads, the Tripura visit is one I will remember fondly till the end of my days. A bucket list item for me is to visit scholar homes in the Sundarbans Islands of the Ganges delta, where the mighty Ganga and Brahmaputra rivers empty into the Bay of Bengal. Travel is quite difficult, mostly by canoe. Dakshana has sent many scholars from Sundarbans to the IITs, NITs and various medical schools.

FCRA Blues

The Foreign Contributions (Regulation) Act (FCRA) in India controls foreign inflows to India-based NGOs. Dakshana India Education Trust is a registered nonprofit in India which received its FCRA permissions quite a while back. These permissions expire every five years and we apply for renewal well in advance of expiration. Our most recent permission expired on July 8, 2024. We had applied for renewal about a year ago, but it was denied for cryptic reasons. We are aware that many super high quality nonprofits also had their FCRA renewal recently denied. No idea why.

Without the permission, Dakshana in the US and Canada cannot send a dime to Dakshana in India. Dakshana India is dependent on foreign contributions for more than 75% of its expenses. Without foreign inflows, it will run out of funds in a few weeks. We have been working frantically to get the permission at least temporarily restored. We are also working on a war footing to raise funds from within India. If you are reading this and are based in India, please send us whatever you can spare at the earliest: www.dakshana.org/donate.

If any of you have a good relationship with senior folks at India's Ministry of Home Affairs or at the Prime Minister's Office, please drop me a note at mpabrai@dakshana.org. Much appreciated! At this point, I am cautiously optimistic that we will get our FCRA permission restored in a few weeks and get back on track.

Note that the FCRA issue does not affect donors anywhere contributing to Dakshana. The Dakshana Foundation in the US and Dakshana Canada can receive funds from donors based in the US, Canada and worldwide. We just cannot send those funds to Dakshana India until our FCRA permission is renewed. Our best guess is that it will be renewed in a few weeks.

2023 Financial Overview

Assuming the FCRA issue resolves itself, Dakshana is in very good financial shape. We ended 2023 with over \$21 million in liquid assets with virtually no liabilities or payables. Our investment results in the first half of 2024 have been spectacular.

We own the 109-acre Dakshana Valley campus free and clear. The cost basis of Dakshana Valley and all improvements is over \$14 million. With over \$41 million in assets and virtually no liabilities, Dakshana is in the best financial shape it has ever been in.

In 2023 our inflows and outflows were well matched at around \$3 million each.

Table 1. Financial Overview

| 2023 Dakshana Financial Overview | | |
|---|----|---------|
| (in thousands of US\$) | | |
| Cash and Marketable Securities on 12/31/22: | \$ | 14,630 |
| Scholar Expenses: | \$ | (1,749) |
| Overhead Expenses: | \$ | (549) |
| Construction Expenses: | \$ | (640) |
| Charitable Contributions: | \$ | (10) |
| Contributions by Donors: | \$ | 3,069 |
| Net Investment/Forex Gain (Loss) | \$ | 6,757 |
| Cash and Marketable Securities on 12/31/23: | \$ | 21,508 |

While we may appear to be drowning in dollars, the reality is not quite so rosy. We have over \$30 million of capex ahead of us as we scale Dakshana Valley’s capacity from 600 to 2600 beds.

Additionally, after Dakshana Valley’s capacity rises to 1100, our recurring expenses will rise by around \$1.5 million/year. Thus, by 2027, depending on inflows, naming rights granted, and investment results, our liquidity may be far lower. We need your continued support!

Direct Scholar Expenses

In 2023, we spent about \$3 million on the Dakshana Scholar Program, related corporate overhead, and construction. Of this amount, \$1.8 million was spent

directly on the Dakshana Scholar Program. Let’s examine these scholar expenses in a bit of detail.

During 2023, we delivered the equivalent of 1318 scholar years of JEE & NEET coaching. Of this number, 604 scholar years were for the 1-year program and 714 scholar years for the 2-year program.

The average cost to support a scholar across Dakshana’s various programs in 2023 was \$2320. This number includes an allocation of \$500/scholar for infrastructure. This helps smooth out the cost of land, construction, and other capital expenses.

In the last fourteen years, inflation has been rampant in India. I am thus very pleased with our \$2320 all-in cost to support a Dakshana Scholar in 2023 vs. \$2100 in 2009. Economies of scale, having our own faculty and delivering over half of the coaching at our own campus have all played a role in keeping our costs ultra-low.

Table 2. Dakshana Scholar Cost Data

| Year | Cost/Scholar | Scholar Years |
|-------------|---------------------|----------------------|
| 2007 | \$3,650 | 176 |
| 2008 | \$3,086 | 524 |
| 2009 | \$2,100 | 356 |
| 2010 | \$1,922 | 270 |
| 2011 | \$2,475 | 219 |
| 2012 | \$2,553 | 398 |
| 2013 | \$2,450 | 576 |
| 2014 | \$2,053 | 689 |
| 2015 | \$2,516 | 676 |
| 2016 | \$2,171 | 761 |
| 2017 | \$2,283 | 1045 |
| 2018 | \$1,889 | 1116 |
| 2019 | \$1,558 | 1223 |
| 2020 | \$2,009 | 1075 |
| 2021 | \$2,035 | 1039 |
| 2022 | \$2,478 | 1246 |
| 2023 | \$2,320 | 1318 |

As a point of comparison, a year of IIT entrance exam coaching in Kota, Rajasthan inclusive of room and board and study materials would be north of \$4700 vs. our all-in number less than half of that. And that delta ignores the 80+% success rate at Dakshana versus well under 10% for even the very best for-profit coaching institutes!

The coaching institutes have to be very competitive on fees and success ratios to survive. It is thus all the more remarkable that Dakshana, while facing no competitive market pressures, is far more efficient at delivering IIT and medical coaching than the best/largest for profit coaching centers. It is our relentless pursuit of delivering the highest possible social returns on invested capital that has led to these great outlier efficiencies.

Corporate Overhead Expenses & Fully Loaded Cost/Scholar

Our corporate overhead in 2023 was \$550,000. It is difficult to accurately segment scholar expenses vs. overhead expenses. For example, most of the management team at Dakshana Valley spends much of their time on faculty and scholar related issues, but they are 100% categorized as overhead. In general, our overhead cost are somewhat overstated. Because of the direct nature of our programs, it may be more useful to look at the bundled cost/scholar in the future. Our overhead/scholar was \$416, and the bundled direct scholar cost, overhead, and construction were \$2,736.

*next year
 **Med School Training began in 2016
 Infrastructure cost of \$400/scholar added from 2017 and increased to \$500/scholar from 2020 onwards

It used to cost Dakshana around \$7000 to produce a doctor or engineer. This has improved dramatically over the years - it was \$3377 in 2023. The 81% success ratio and loaded cost/scholar for 2023 will improve further after we get the 2nd attempt data for these students next year. We are not counting the other 19%, even though many of those kids did end up at a decent engineering college or with some type of science degree that led to a significant boost to their family income.

The \$3377 loaded cost of a “successful scholar” compares very favorable to the all-in cost of each scholar of \$2736.

One of the best decisions I have made with Dakshana is to embrace formula-based giving from the outset. Like almost everything else of consequence in my life, the

formula was cloned. In 2006, Warren Buffett committed to annually giving away 5% of his Berkshire Hathaway shares to the Gates Foundation and the various foundations run by his kids.

For example, if he started with 400,000 shares of Berkshire, he would be giving away 20,000 shares the first year, 19,000 the second year, 18,050 shares the third year and so on. Because Berkshire is highly likely to increase its intrinsic value by more than 5% a year, not only would his giving increase over time, so would his net worth. *It is brilliant!* Warren could live to be 120 and still have shares to give away.

Channeling Buffett, we decided that when our net worth exceeded \$50 million, my family would give 2% of our net worth to Dakshana every year. We later tweaked the formula to increase the giving to 3% over \$100 million, 4% over \$150 million and 5% over \$200 million. The 2-5% giving formula coupled with our exceptional donor base and prudent investing has allowed Dakshana to scale up while building a robust corpus. In the last 15 years my family has given more than \$27 million to Dakshana - and it felt like a non-event! Dakshana received significant sums and we never missed the money.

Dakshana's Wonderful Family of Donors

We received \$3.1 million in donations from our generous donors. I am pleased to report that these gifted funds were used to buy books, scholar nutrition, create/improve classroom and dorm infrastructure and pay for coaching faculty for our scholars. I am grateful to our patrons for their generosity and wisdom.

And now, it's time for a short commercial break. You can make a gift to Dakshana here: www.dakshana.org/donate/. We accept all major credit cards, Paypal and Bitcoin. You can also send us a check (in US dollars, Canadian dollars or Indian rupees). And your gift is fully tax deductible. We can also set up automatic recurring monthly charges to your credit card. \$199 or C\$275 a month for 12 months fully supports one scholar. You can even pick the scholar you'd like to support.

Many employers sponsor matching gift programs that will match your charitable donations, including those made to Dakshana. Quite a few of our existing donors have taken advantage of these generous policies, including those at Google, Microsoft, Abbott Labs, EClinicalWorks, Genentech, ServiceNow, Intel, etc. To find out if your company sponsors a matching gift program, please check out this link: [Employer Matching Programs](#).

Let's not forget all the goodies Dakshana offers for your generosity - naming rights, Charlie Munger busts and wallets with stock tips!

Naming Rights

Dakshana would love to offer you the opportunity to name a building or two in honor of your parents or a hero. This allows you to both commemorate their memory and support a worthy cause. We've already granted naming rights to 15 structures, and they're going quickly. The process is straightforward: by covering half the construction cost, you secure the naming rights for a structure, road, or lake of your choice. This opportunity won't be available for long. In the spirit of MLK, now is the time to honor your loved ones. Act now! Drop me a note at mpabrai@dakshana.org. Let's make it happen!

Donate your Beater Car. We'll even pick it up!

Through our partnership with CARS (careasy.org/nonprofit/dakshana-foundation) Dakshana can accept donations of cars, boats, RVs, and other property donations anywhere in the United States. It is simple. You get a tax deduction. CARS picks up the vehicle (even if it does not start!). Please call CARS at +1.855.500-RIDE or +1.855.500-7433, or us at +1.512.999.7110, or email Kimberly Engleman (ke@dakshana.org) for more information.

The donated item will be picked up from a location of your choice at a time of your choosing at no cost to you. You will receive the maximum legal tax deduction and

possibly a partial cash payment. This is a great way to get rid of that beater car and help a great cause!

Ebay Lunch Auction

Our 16th annual lunch/conference call auctions will be held in August 2024 on Ebay. In the true spirit of market-driven auctions, the bidding will start at \$0.01 for both, with no minimum. The lunch auction winner will get my not-so-old wallet as well. It is rumored that there may be a stock tip in there (with no reps and warranties!).

The guidelines remain the same. The winner can bring up to seven folks with him or her. The lunch will take place in Austin, Texas, or in any of India’s metro cities, or another mutually agreeable alternate location. Anything is fair game to discuss, except specific stocks. Of course, you can ask about the stock tip. And I’ll personally pick up the tab. In the true spirit of market-driven auctions, the bidding will start at \$0.01, with no minimum.

I very much enjoyed breaking bread with the 2023 lunch winner, Dr. Amandeep Bhalla. We had a wonderful dinner on January 1, 2024 (what would have been Charlie Munger’s 100th birthday) at Nobu in Malibu with some of his close friends and family. Amandeep got my not-so-old wallet as well. It is rumored that there was a stock tip in there (with no reps and warranties!).

Zoom Video Call Auction

The difficulty with the lunch auction is that meals can only take place in limited geographies. Thus, a few years back we started auctioning off an annual conference call with me with all proceeds going to Dakshana. The Zoom call format allows anyone from anywhere on the planet to bid and participate.

This auction is designed to level the geographic playing field. Anyone can bid on Ebay. The Zoom video call, which will be arranged at a mutually agreeable time, can have up to seven participants. I will give a stock tip on the call (with no reps or warranties!) and will answer any questions related to that stock tip (or anything else the participants would like to discuss). The only topic off limits is discussions on any current portfolio holdings.

These lunches and zoom calls have led to my meeting some wonderful folks over the years. Many have become friends and some of these have become especially close friendships. I am grateful for all the benefits I have received from these interactions and relationships. It is a very high-quality crowd.

Munger and Buffett Bust Auctions

As you have probably correctly concluded, I am an auction junkie and, over the years, off and on, we have auctioned off a few Charlie Munger busts on Ebay. In 2020 we made it an annual event, which will last while we have Charlie Munger busts to auction off. The busts were made by a gifted bust maker in Rajasthan, India. We also commissioned him to make a few Warren Buffett busts. They came out great! One set of these rare Charlie and Warren busts are placed in the conference room at Berkshire Hathaway headquarters in Omaha and Warren loves them.

The terms are the same as all our other auctions. Bidding starts at \$0.01 and there is no reserve price. In addition, free global shipping (usually by Fedex) is included.

The Dakshana Endowment

In 2013, at the suggestion of Advisory Board member Ruyintan “Ron” Mehta, we started the Dakshana Endowment. Since then, Dakshana’s donors have had a choice. They can designate their contributions to be used immediately on our Dakshana Scholar Program or it can go into the endowment. Only funds explicitly specified for the endowment go in there. Funds in the endowment are invested in a highly concentrated manner and managed by yours truly. And at the end of every year, 5% of the endowment’s value is spent towards the Dakshana Scholar Program in the following year.

Table 10. Dakshana's Endowment

| | |
|---|---------------------|
| 2023 Dakshana Endowment Overview | |
| Cash and Marketable Securities on 12/31/22 | \$ 1,289,320 |
| Contributions by Donors: | \$ 197,964 |
| Spending on Dakshana Scholar Program | \$ (67,989) |
| Investment Gain (Loss) | \$ 503,226 |
| Cash and Marketable Securities on 12/31/23 | \$ 1,922,521 |

Ron seeded the endowment with a generous \$50,000 contribution. The cost to support one scholar is \$2500 and Ron figured that, right off the bat, the endowment would be able to fully support at least one new scholar completely every year. Ron will be happy to note that after just five short years the annual giving from the endowment has typically exceeded his initial seed contribution!

We direct all the proceeds from the various auctions to the endowment. The good news is that the endowment is off to a robust start and is already able to support around 27 scholars a year *into perpetuity*.

Dakshana's Corporate Social Responsibility (CSR) Initiative

The Dakshana Valley campus is in Kadus Village in Pune district. It has always been Dakshana's goal to be a good neighbor and a force for positive change in the

communities in which we operate. Several villagers are employed at Dakshana Valley and this has provided a small economic boost to the village.

Towards this end, in 2019, Dakshana deployed a teacher in the Kadus village school fully paid by Dakshana. Every year we identify eight promising 5th grade students to be intensely prepared for the JNV Selection Test (JNVST) to possibly get admitted to JNV Pune. Typically, more than 14,000 5th graders take the JNVST in Pune district, trying to get one of 80 highly coveted seats. The success ratio is around 0.6%. The JNVs do not just take 80 kids from a given district. Each district is made up of blocks and Kadus Village falls in Khed Block. Based on population, only 4-5 students from Khed can get a seat each year at JNV Pune. Historically no students from Kadus Village have ever been accepted by JNV Pune. In 2020, during our first year of JNVST prep at the Kadus village school, two students were accepted by JNV Pune. We repeated the same success in 2021 with two students, and in 2022 with four students. In 2024, one student we prepped was accepted by JNV Pune.

Dakshana has many ex-military officers and soldiers on our team. They have requested me to do more for military families. Over the years we've had a few ad hoc initiatives for kids from military families. In 2021 we began prepping the Kadus village kids for the Sainik school entrance test. There are 33 Sainik boarding schools across India run by the armed services to groom kids to be officers and soldiers in India's armed services. In 2022, we had two kids from Kadus accepted for admission to Sainik School. In 2023, five kids from Kadus were accepted for admission to Sainik School. This year, three kids from Kadus village were also accepted for admission to Sainik School. In 12th grade these kids will try to get admitted into the National Defense Academy, which is the West Point of India.

It is exciting to see Dakshana having such a direct positive impact on the kids from Kadus village. Dakshana would not have had even 20% of the success we have enjoyed were it not for the incredibly talented ex-military managers who have been running Dakshana since 2009.

Most of Dakshana's management team and many faculty members are now our own alums. It has helped establish a wonderful culture at Dakshana. Thanks for your continued interest and support.

Warmly,

Mohnish Pabrai
Chairman
