Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because _____
I would like to become an
Software Engineer. In my childhood I didn't
know how to look on a Computer
system. So because of this from that
time I was very curious to know
about the Computer System and Information
technological field. From that time I had
been aimed to become an Software Engineer
So I think that Dakshana is a good
opportunity to me to fulfill my dream,
as my ambition. So when I hopefully
attempted my Dakshana Entrance Exam.

When I become an IIT as a
a student of Indian Institute of Information
technology. I will work hardly and study
very hardly to full fill my aim and
I will save my country. If I
become very experienced in my IT
field. I will complete Masters, Technology
courses of Engineering after completing

My B.technology course and to I
become very experienced person I will
become a professor and I will teach
new blooming flowers to India my
own country. and I will give
scholarships to students who are from
poor families and they were excellent in
academics.

And I aimed to that
I want to be selected as an honorable
teacher or principal of a well known
eminent college or Indian Institute
of Information Technology. as Dr. S. Radha
Krishnan the great teacher gives the
Indians seen and who was our
founder and 1st (second) president
of India after independence of India.
when before independence we are been
the slaves of British people because of
our illiteracy or lack of knowledge.
but I don't like that India. So when
I will save my India.
