Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because of two reasons. First of all I want to help my family. My father, mother and my whole family have a very big hope to me. They think that I will complete their dreams and will not break their trust. The second thing is I want to help the nation. From childhood I have been a dream to do something big for the nation. In 9th class, I saw that, I can do it by clearing IIT-JEE Exam. And to have a seat in IIT, I have to work hard and also some coaching, but my family cannot afford it, because it is very expensive and Dakshana is giving free coaching for IIT-JEE, that is why I want to become a Dakshana scholar. Besides this My family is very poor & also my all relatives. I had no house. My family has only a rented house. And In my school J.N.V. Bhilwara,

my teachers also have a great hope to me. From childhood I have a close bond with machines. I played only with machines. So I want to become a Mechanical Engineer. My school, teachers and my city all have expectations to me. I want to gain much and much knowledge to qualify ~~my~~ IIT-JEE exam. The school, the nation have given me all the thing they can. So its my job to do something for them. I used full, all the facilities which were given to me and from all that I have to become a mechanical engineering.

Thanks
