Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because the first thing is that i aspire to become an IITian and the other thing is, as a Dakshana scholar i can approach my goal. To becoming an IITian is a ambition of mine, this requires a quality of education and good faculty. I know that people who are teaching in dakshana are very good.

Dakshana is the institution that i have never ever seen in my life. It is the organisation which provides all facilities required to a student to become an IITian. It is a philanthropist organisation that provides ~~that~~ ~~with~~ scholarships for talented students, and also poor students.

It is a very good chance to me to become a Dakshana scholar. It would help me to reach my destination. Every year approx of 4 lakh people are attending to the IIT exam. In that last year there are only 10,000 seats. I like the exams like IIT which are challenging and competitive. It

increases competitive spirit.

Everybody is an architect of his own fortune. The time has come to take right decision. Right time and right decision would give good results. That's what I want to do to join in dakshana.

IT is the prestigious institution in India. Highly qualified professors would teach in that institutions. Nowadays corporate colleges are ranging up. I am expecting that this organisation can also compete with other corporate colleges. The facilities that provided by dakshana is a marvellous thing. No institution or organisation would do like that. It is really a excellent program for talented students in Jawahar Navodaya Vidyalayas all over India. That's the reason why I'd like to become a Dakshana scholar and hopefully become an IITian.

(You can use this form or a separate piece of paper. Please submit the essay in your own handwriting)
