Please write essay (in English or Hindi) Between 300 - 500 words which begins with

I'd like to become a Dakshana Scholar and hopefully attend Engineering/Medical college because it was mine as well as my parents dream to make me Engineer. And I think being a student of Jawahar Navodaya Vidyalaya, the best place for studying Engineering is at Dakshana Foundation. The competition was very tough in this very era but I had full confidence of on myself. So, I am hoping for the best. I also had interests in Mathematics and Physics rather than Biology. So, Engineering is the proper choice as my career. Before this test, I also came across a test (scholarship) for selection at the Gurukul Kota, and I secured the AIR-106. But due to economy problem I was unable to go there. So, this time I got another big opportunity to fulfill my wish. So, I am not going to leave it. Being a member of a middle class

family, it was a very very big chance or opportunity for me to get the education from such eminent institute. My brother was also getting prepared for the JEE Mains and Advanced. He gets coaching from MMC, North Jammu Centre. So, as a mentor for me now, he is the best. He helped me in every possible way. So, If I would get selected for dakshana, then the credit would mainly go to my brother and the teachers of my school especially the Physics teacher. My father was also a huge support behind me. Being low in economy my parents did a hard work to provide education to their siblings. So, now its my time to pay gratitude to them and in my opinion to study from dakshana and to become an IIT engineer is the best way to pay the gratitude. Well, not going too deep, these much reasons given above by me would be enough to show the importance to get selected in this foundation.
