Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I have a great interest in the field of technology and also I want to do something best in the field of mechanical engineering through IIT-JEE. In the present time, IIT-JEE is the best way to study engineering in India and also whole over the world.

It is the dream of every young Indians' to get into IIT and so there is a great competition for it. Therefore it is the great achievement for every individual to get into IIT. So, It is a great and difficult task but easy to overcome if we work hard with all our effort, - humbleness and discipline to get into IIT. That's why I choose for IIT.

Dakshana Foundation give the best opportunities to get selected in IIT-JEE even for the poor and needy people

who are helpless in the society. As from a rural and backward area and also from a poor and needy family, I felt a very happy and lucky for getting selected in Dakshana Foundation and attending the IIT-JEE coaching or else it which would have been never possible for me to do even in my life. To be a dakshana scholar and attending IIT-JEE coaching I feel to be a golden opportunities in my life.

I will put all my efforts to get selected for IIT-JEE and to get all my potential. AND If I got selected for IIT-JEE, I would try all my level best to improve the field of Mechanical Engineering and to serve the nation.

Moreover I ~~not~~ would help the poor and needy people to come over from the state of poverty to increase the poverty level of our great nation INDIA.
