Dear Sir,

I am Priyanka Subhash Adsul, from XIth class, I am belongs to J.N.V. Pune, which is in Maharashtra. My mother's name is Meena Subhash Adsul. She is tailor as well as teacher. My father's name is Subhash Adsul. He is farmer.

मुझे सबसे पहले आपको धन्यवाद देना है क्योंकि आपने हमारे लिए इतने बड़ी opportunity दी है। मुझे dakshana का बहुत बड़ी कृतज्ञता है। I not belongs to ~~rich~~ rich family. In our home my mother is take care of all. I am a daughter for my father & mother. My mother and father working so hardly for keeping me in very good manner. They have that much proud to me, because they thought in our whole family my daughter at time take very high post one time. There expectations towards me are very much high.

I know already many things about this 'dakshana' institute. ~~I am familear to this.~~ Because in our school J.N.V. Pune there already to batches. When first batch started that time I decide that, I also wants to join this dakshana coaching classes. So I am waiting to much for giving dakshana entrance exam. when I write this dakshana's entrance exam that time I So much hopes I having with me. That time I waiting for result of this exam. When result come in front of me I can't believed on me that I am selected for daksha coaching class. That is one unforgatable moment for me. In our school we all seen work of dakshana class, dakshana's all faculty. It is too much in systematic manner.

When at first time Oberoy sir came to our school to visiting all dakshana scholars. That time I got too much inspiration which is now with me. That time I fixed my aim. I fixed to become IIT engineer. Because it is too much high post according to my friends, me & my whole family. My friends are also every time talking about this institute. They said me that, "Priyanka you are lucky guy who goet coaching of IIT/JEE in big coaching institute like 'dakshana'."

When I selected for 'dakshana' coaching class my aim become fixed to become aeronautical engineer through IIT. I am also interest in that field and also there is too much less peoples going towards this field. I am much interest to doing different things from others. Because this is something different, something special. I always remember that sentence of 'You can win' by Shiv Kheda that is 'Scholars do not doing different things but they doing differently.' So I ~~at~~ thought that I got key of key of success.

Every time my family, my origin, my mother's face, my father's hopes give me inspiration to go towards peak of success, not come back. Now I feel that that peak is not far away from me. Only I want one step to go there. But that one step is so big, so difficult, & it also take too much hard work because that is main step. But I think that without hardwork no one get flowers of scent, those peoples who run away from hardwork those get spikes which are very harmful.

Because of all these things my ambition, my aim is always different, something special. I want to take care of my mother & father in very good manner. After hardworking I think that I will get IIT. So my hopes from dakshana to encourage us & also give guidance. Because there is one sentence, '100 words of congratulations ^{are} is very much less than one word of inspiration when we fall.'

I give promise to you that I will become dakshina scholar student who get position in IIT. Because now my aim that is.
with my hopes,

Thanks you!
