SAHIL MANSOORI

Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because Since childhood I have great image in my heart to highlight the name of my parents. From my childhood my aim is to become a successful engineer. After coming in JNV I heard about IIT and also the heard the fame of IITians. So I decided that to become a successful engineer I have to crack IIT-JEE because it is the most reputed institute of India. But after seeing the trend of coaching and high fee of coaching my determinations started to shake, because I belong to a family for whom money is a big concern. My family couldn't afford the high fee of coaching as well as hostel accomodation fee. Now, Dakshana is a boon for my family and me. Dakshana provides foundation coaching for IIT-JEE through which we can easily attain our goal without causing any financial difficulty to our family. I have been always thinking why the only rich scholars are selected in IIT and now I come to know that due to financial problems the middle class or poor students do not get proper coaching.

Due to financial problems their dreams never come to true. So, a student like me want a good coaching and requires good guidelines so that I can become an IITian with a good rank. I also know about your reputed non-profitable organisation that provides a world-class IIT JEE coaching to the impoverished students who aspire to attend the IIT but can not be afford the coaching fee. There are many students who are selected in IIT through your organisation. Today, the world is very fast and we have to run with it. Not a second can be wasted for relax in this competetive world. I had always visualized Dakshana as a organisation that would help me realize my dreams and today I am a part of it.

(You can use this form or a separate piece of paper. Please submit the essay in your own handwriting)
