Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because it's the best Engineering Institute where someone can develop. I would like to contribute myself for the development of our nation with the top education I gain from IIT. Dakshana is the Best Institution which provides the best coaching for economically backward class. It provides the best results every year. I can achieve my aim only at IITs for our economic level. IIT is the world's best colleges ever. It helps me develop the society with the advanced technology. Dakshana provides the best coaching with the best trained faculty and with all requirements to get into IIT. Dakshana is also with boarding facility which makes us concentrate only on our aim. There won't be any distractions in this habit. This year the facility is even more better. Even the Indian Institutes of Technology provides all the requirements to come out as a good engineer. All the students who come out of the IITs have been successful in their life.

I would wish to improve the condition of my family, the condition of my society, the condition of the country. With getting into an IIT, I feel that I can face any problem that come my way. I have all hopes that Dakshana will make me get into an IIT. I think I have been given a golden chance to reach my goal. IIT was my dream and I think I'm achieving it. I thank Dakshana Organisation for giving me this opportunity to achieve my dream.
