Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I liked to prepare for IIT-JEE and crack this exam with a good rank. But at home I was not able to get a good coaching which can prepare for IIT-JEE with all facilities in a small fee, so I liked to be a dakshana scholar because it gives us good faculties as well as good facilities with free hostel, study/coaching and fooding also. And one good point is that it is joint with Navodaya so, we don't get any trouble in continuing our senior level education i.e, +2 study. It also gives us schooling which is not possible outside this to prepare both in one time to attend board exam and IIT-JEE and get good marks in board exam and also crack IIT-JEE jointly. But I thought it is possible in dakshana foundation. And I want to attend IIT because I want to become a engineer and help in development of our country

in any possible way in that field of engineering by doing work honestly or hardily. Here we live with our one senior batch from which we can get inspiration also by seeing their hard work or we can easily be able to solve our problems with help of our seniors or teacher of local school whole day. It can be very beneficial for my coming future. One another thing which is helpful in our study is that our class has students from all over India and all are toppers of their school which may be help in our troubles. From this we can also get study materials without any cost which are very costly in market. So this helps us very much Economically, socially and with a healthy environment. Finally, I was sure that by reading in this coaching I can crack JEE easily and fulfil my dream and also ~~at~~ my parent's dream.
