Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because to appear at the exam of IIT and become succeed is prestigious. Lakhs of candidates are dreaming after it. Among such large number of students, competing, and becoming succeed is really very appreciable. It is for name and fame instead of good income. But for this achievement, I find that it can be achieved only by hardwork alongwith proper guidance as I read in the news paper or magazine or from teachers. I find that to get such things, only hardwork can't reach me to this goal. I find this can be achieved through institutions which are preparing the candidates to appear at the

the cream. But to join such institutions good amount of money needs. But my family economic condition is not so that they can pay fee for such institutions.

In such case, I can't reach to my goal. I find <sup>to be</sup> Dakshana scholar is good for me, to reach to the goal. That's why I joined classes. I listened Dakshana scholar gives good results in this cream. My other seniors have also joined this institutions, from them I also get guidance to join this institution.

(You can use this form or a separate piece of paper. Please submit the essay in your own handwriting)
