Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I want to become a successful IITian and serve my country. And this Dakshana Foundation is the best path for that. As we see many students go different institutes for the preparation of IIT by spending so much money. But I belong to a poor family so I can't do this. I have two elder sisters and one younger brother, all are studying in different places, and my father is not able to send me in a good institute, for the preparation of IIT-JEE, that is the great competition in India. And Dakshana foundation is for those students who aspire to attend IIT, but cannot afford to be coached professionally by a world-class IIT JEE coaching institute. They provide books and coaching without any money. They are doing a lot of efforts to give the students good coaching and get them admission in an IIT college. That is the great thing they are doing. Not only this they are teaching students under a lot of

guidance. So I want to become Dakshana scholar so that I could get into IIT easily, by my hard work, a lot of efforts from my side and my will power. I belong to an urban area but that is not much developed. In that area, many people are living in houses made up of soil, plastics, clothes etc. They are not getting food even for two times. They are picking up some useful things from dustbins and other places. In summer days good water supply is not there. Not only in ~~many~~ my living area, but in whole country many people are suffering from this problem. Many ^{poor} people are dying per year without food. I want to help them, and my whole society. I pay my sincere thanks to Dakshana foundation as it is going to help me to achieve my goal. May god bless me, to achieve my goal, my aim, my dream → IIT.
