Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I belong to a very simple family which is below the poverty line. I think that Dakshana foundation can be the helping hand in my study. I think that Dakshana foundation will be the stage from which I can show my best performance in IIT JEE AIR UNDER-5.

I have always tried to know my position at national level & state level by facing NSTSE. I have started to face this exam from class VIIIth & faced upto current & feel that I can be the best IITian. I have found scholars in Fortunate -40 & FTRE but not taken admission in FIITJEE due to economical challenge.

I know well that poverty can't resist me to get my goal. My father owned 0.50 hectares land but not added with the profession of agriculture or any other. My mother is a housewife. Providing proper feeding & clothes to the family member is even a challenge for my mother because I have dedicated myself in the field of study therefore I can't help my

mother at present time. Till now JNV is supporting me in getting proper education. I have selected in Gurukul for the preparation of IITJEE at JNV Bhagalpur. But I leave this because I hope that Dakshana foundation will be the next best helping hand in my study.

I can resist almost all the desire except the desire of achieving my AIM (Mission IITJEE-2013). I can be the IITian professor after ~~research~~ research and after that I can be a scientist and thus I can serve our country by providing education at world level.

(You can use this form or a separate piece of paper. Please submit the essay in your own handwriting)
