Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because _____

When I was in 6th class I first time heard a ~~three~~ word containing three letters. I don't know the meaning but heard it a lot of times asked the bhaiyas they told me the full form still I was not understood the meaning of word. Till ~~when~~ the entry in 8th class I had only understood that a student who passed from IIT get a huge salary. I became fascinated that the salary also reached crore. Sometimes. I desired myself to get into that IIT to get that salary. But when I came to know that IIT need a lot of effort to put and lakhs & lakhs of coaching amounts. my desire fade away not because of efforts but hearing the coaching amounts. "DAKSHANA" this word is better explained by student who belongs to a middle class family rather than a student from high class family. This is true that I am nothing

without dakshana. Remaining at my parent's Navodaya I could not think ever that I ever got into IIT but Dakshane had provided me that platform that ~~lead~~ could lead me to the IIT. Getting into IIT's does not limited to the big Salaries. Bill Gates have crores & crores of property but he also has NRO's all over the India country money is not anything in his life but money is something that can inspire the people. Till getting into the Dakshana System the IIT means me only about the salary but now IIT means me a lot. It means me beyond the money. It means me about my future life. It means my family's happiness. It means my desired future generation. It means not bad days that I have seen. It means the words in people mouth that he is an IITian. More than this it means the happiness of my mother. Great thing in the world.

(You can use this form or a separate piece of paper. Please submit the essay in your own handwriting)
