Full Name ANIKET BADUSHEB ARGADE 

Dakshana Scholars are gifted, but impoverished students who aspire to attend The Indian Institute of Technology (IIT), but cannot afford to be coached professionally by a world-class IIT JEE coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of tuition, boarding, lodging, books and incidentals. In order to be eligible to apply for becoming a Dakshana Scholar, ALL of the following conditions must be met:

1. You must qualify in the Dakshana IIT-JEE selection test and personal interview. The decision of Dakshana in this regard is final.
2. Must have atleast a 75% average in Physics, Chemistry and Mathematics for every year (9th through 12th standard) that the applicant has completed.
3. The total typical household monthly income (total income of all members of your immediate family) is under Rs. 7,000 per month.
4. The total assets of your immediate family (including any savings, real estate or property) is under Rs. 1 Lakh.
5. The Dakshana Foundation believes that the beneficiary of aid today is the donor of tomorrow. We believe that helping gifted, impoverished students get a world-class education has a very high return on invested resources to the individual, the family and the entire community. Dakshana Scholars have a voluntary moral (but not a legal or contractual) obligation to donate 10% of their monthly lifetime earnings back to the Dakshana Foundation to fund future Dakshana Scholars. They could also choose to give to any other charity of their choice. Or they can choose to give nothing. The choice is yours and we accept whatever you decide. After a few years, we fully expect Dakshana to be sustained and grow from this voluntary giveback and help an increasing number of impoverished and gifted children every year.

Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I belong to small village in pune district of the maharashtra. since pune is near from me I have always compared my and my villogous life with those who live in pune. Technology seems to be very far from the poor peoples. This always prompted me to have dream to become good engineer and work for my people. I want to become an Aeronautical engineer. I have seen this dream since I read the book of the A. J. Abdul Kalam. On the last page of it there was a title 'HOW to become an Aeronautical engineer' and I got list of institutions which offer this engg., there was only IIT'S and one or two others. From that day I decided to get IIT. In our XII standard, in our JNV Dakshana foundation started the 2-year coaching for those who were economically backward. I felt very bad since, students from whole maharashtra, gujrat were

taking coaching for IIT-JEE but though
it was my vidyalaya I was not able to
attend the class.. From those days, I with
my friend, Yogesh decided to take drop
year and study for IIT in the pune.
Just after the board exams, I moved
a step in this direction and started
preparing for IIT-JEE with few books.
Now I have good opportunity to
study IIT-JEE and fulfill my dreams
with Darshana.
