

The Dakshana Foundation Application to Become a Dakshana Scholar

Full Name JATEN PEGU

Dakshana Scholars are gifted, but impoverished students who aspire to attend The Indian Institute of Technology (IIT), but cannot afford to be coached professionally by a world-class IIT JEE coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of tuition, boarding, lodging, books and incidentals. In order to be eligible to apply for becoming a Dakshana Scholar, ALL of the following conditions must be met:

1. You must qualify in the Dakshana IIT-JEE selection test and personal interview. The decision of Dakshana in this regard is final.
2. Must have atleast a 75% average in Physics, Chemistry and Mathematics for every year (9th through 12th standard) that the applicant has completed.
3. The total typical household monthly income (total income of all members of your immediate family) is under Rs. 7,000 per month.
4. The total assets of your immediate family (including any savings, real estate or property) is under Rs. 1 Lakh.
5. The Dakshana Foundation believes that the beneficiary of aid today is the donor of tomorrow. We believe that helping gifted, impoverished students get a world-class education has a very high return on invested resources to the individual, the family and the entire community. Dakshana Scholars have a voluntary moral (but not a legal or contractual) obligation to donate 10% of their monthly lifetime earnings back to the Dakshana Foundation to fund future Dakshana Scholars. They could also choose to give to any other charity of their choice. Or they can choose to give nothing. The choice is yours and we accept whatever you decide. After a few years, we fully expect Dakshana to be sustained and grow from this voluntary giveback and help an increasing number of impoverished and gifted children every year.

I'd like to become a Dakshana Scholar and hopefully attend IIT because I like to present myself as a successful person in my future life.
By attending IIT I hope, I will become a successful one most surely.

Our society is a society of backwardness. it is surrounded by the darkness of illiteracy everywhere. People in our society don't know how to develop in their own. Though someone think of the enlightenment or development of his own or the society, he couldn't perceive it due to lack of privileges. So on, by the way he is discouraged by the illiterate people in the society. He couldn't step forward through lack of facility.

But in this institution of Dakshana foundation we could find every privileges. Every proper things, proper knowledge, proper coaching or proper education are given here in free of cost. Those who have the talent to create himself as a proper citizen of the country, he could perceive the chance to create himself with free of cost here.

So, myself, as a student from such a backward society like to bring enlightenment by receiving a wonderful facilities from Darshana foundation and by attending it. I would teach the people who are still illiterate today else.

I will inspire them to come out from the evils of darkness and to enjoy the reality of our life with proper them development in the society. After all I will again try my best to make myself more standard and I will be stand as an example of enlightenment and proper development before our society.

So, at last I am very very thankful to the Darshana foundation and I will try my best contribution to this institute for its well settlement and proper functioning in future, if I could be an sitias.
