Full Name KISHOR. C. ANGADI

Dakshana Scholars are gifted, but impoverished students who aspire to attend The Indian Institute of Technology (IIT), but cannot afford to be coached professionally by a world-class IIT JEE coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of tuition, boarding, lodging, books and incidentals. In order to be eligible to apply for becoming a Dakshana Scholar, ALL of the following conditions must be met:

1. You must qualify in the Dakshana IIT-JEE selection test and personal interview. The decision of Dakshana in this regard is final.
2. Must have atleast a 75% average in Physics, Chemistry and Mathematics for every year (9th through 12th standard) that the applicant has completed.
3. The total typical household monthly income (total income of all members of your immediate family) is under Rs. 7,000 per month.
4. The total assets of your immediate family (including any savings, real estate or property) is under Rs. 1 Lakh.
5. The Dakshana Foundation believes that the beneficiary of aid today is the donor of tomorrow. We believe that helping gifted, impoverished students get a world-class education has a very high return on invested resources to the individual, the family and the entire community. Dakshana Scholars have a voluntary moral (but not a legal or contractual) obligation to donate 10% of their monthly lifetime earnings back to the Dakshana Foundation to fund future Dakshana Scholars. They could also choose to give to any other charity of their choice. Or they can choose to give nothing. The choice is yours and we accept whatever you decide. After a few years, we fully expect Dakshana to be sustained and grow from this voluntary giveback and help an increasing number of impoverished and gifted children every year.

Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I want to be the master of nano tech. As I am the only person in my family to get into institution like NAVODAYA my parents had a lot of dreams on me. I have a great responsibility to pull out my family from poverty. I am the only base person for the valuable education of my brothers and sisters. To reach my aim and show the world my hidden knowledge, I chose this as the marvellous opportunity provided by "DAKSHANA FOUNDATION."

They say, ... faith can move mountains but intelligent students are recognised and nourished by the ever charitable ... "DAKSHANA FOUNDATION". To reach my highest aim of 'GURU' this education will put a strong base. There are lakhs of village intelligentsia which lack proper guidance to be prosperous in this society. So in this situation according to their strong will "DAKSHANA SCHOLARS" will become super supreme powers and they will start their own scholarship trust to train the young but poor personalities of countryside. That is the main objective in my most loving confidence.

I also recruit the appropriate persons to produce the developmental loggers of India. Since 50 yrs of FREEDOM our country is being called as developing but not developed. The main reason is "BRAIN DRAIN" caused by the lack of exact equipments to our youths in India. But under this scholarship I won't settle down in 'Foreign' but serve India for my motherland's prosperity.

Towards my vast world... there are lakhs of things which are yet to be discovered to save human from the diminishing capacity of resources. So I can get a chance to be the scientist to discover the new equipments in alteration of all the other resources without harming a single creature & atmosphere.

WITHIN ME I want to recognise the personality like "BILL GATES" who is the superpower of Software technology. So, in consideration of all the situation of present century a best education system is being provided by the foundation to give a chance to get into IIT-JEE which is my never ending aim of hopes & Confidences.
