Full Name MAHIBUL ISLAM

Dakshana Scholars are gifted, but impoverished students who aspire to attend The Indian Institute of Technology (IIT), but cannot afford to be coached professionally by a world-class IIT JEE coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of tuition, boarding, lodging, books and incidentals. In order to be eligible to apply for becoming a Dakshana Scholar, ALL of the following conditions must be met:

1. You must qualify in the Dakshana IIT-JEE selection test and personal interview. The decision of Dakshana in this regard is final.
2. Must have atleast a 75% average in Physics, Chemistry and Mathematics for every year (9th through 12th standard) that the applicant has completed.
3. The total typical household monthly income (total income of all members of your immediate family) is under Rs. 7,000 per month.
4. The total assets of your immediate family (including any savings, real estate or property) is under Rs. 1 Lakh.
5. The Dakshana Foundation believes that the beneficiary of aid today is the donor of tomorrow. We believe that helping gifted, impoverished students get a world-class education has a very high return on invested resources to the individual, the family and the entire community. Dakshana Scholars have a voluntary moral (but not a legal or contractual) obligation to donate 10% of their monthly lifetime earnings back to the Dakshana Foundation to fund future Dakshana Scholars. They could also choose to give to any other charity of their choice. Or they can choose to give nothing. The choice is yours and we accept whatever you decide. After a few years, we fully expect Dakshana to be sustained and grow from this voluntary giveback and help an increasing number of impoverished and gifted children every year.

Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I want to fulfill my aim to become an engineer. I have a strong desire in me to become an engineer of NASA. So, I want to join IIT and want to do aeronautical engineering. I want to join IIT because I want to complete my dream of going to space and see our earth outside from it.

To fulfill my dream it is necessary to go through the IIT-JEE and become an IIT'an. But it is difficult to go through the IIT-JEE without preparing ourselves properly. So, there is a need of good coaching and guidance from an coaching institution. But, private coaching institution are very costly which my father will not be able to afford me. So, I was very sad thinking that I will not get proper coaching and so, my possibility of getting through the JEE becomes less. But when I learnt about "Dakshana Foundation" I became very happy. As engineering is my dream, in the same way to become a Dakshana Scholar also converted into one of my aims.

After that I appeared in the first stage selection test and was very happy when I got result that I have passed. Then I came for two months coaching then only when I came to know about Mr. Mohini's Paberi and his goodness, I was very pleased to have come under the roof of blessing of such a great person. When I got his precious gift of 32 books I was very-very happy and thank him from the core of my heart. Now, I think that I will surely be able to fulfill my dream and my aim as I have become a Sakshana Scholar. I will do very hard work so as to fulfill my aim and also so that one day I also can do some good for this country and its citizen who have higher dream but due to lack of support can't fulfill their dreams. After doing I.T, ~~only~~ I will not only fulfill my dream but also make others dream to be fulfilled. Again, I thank Mr. Mohini's Paberi for selecting me and helping me in fulfilling my dream.

(You can use this form or a separate piece of paper. Please submit the essay in your own handwriting)
