

The Dakshana Foundation Application to Become a Dakshana Scholar

Full Name MUPPIDI ASHA JYOTHI

Dakshana Scholars are gifted, but impoverished students who aspire to attend The Indian Institute of Technology (IIT), but cannot afford to be coached professionally by a world-class IIT JEE coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of tuition, boarding, lodging, books and incidentals. In order to be eligible to apply for becoming a Dakshana Scholar, ALL of the following conditions must be met:

1. You must qualify in the Dakshana IIT-JEE selection test and personal interview. The decision of Dakshana in this regard is final.
2. Must have atleast a 75% average in Physics, Chemistry and Mathematics for every year (9th through 12th standard) that the applicant has completed.
3. The total typical household monthly income (total income of all members of your immediate family) is under Rs. 7,000 per month.
4. The total assets of your immediate family (including any savings, real estate or property) is under Rs. 1 Lakh.
5. The Dakshana Foundation believes that the beneficiary of aid today is the donor of tomorrow. We believe that helping gifted, impoverished students get a world-class education has a very high return on invested resources to the individual, the family and the entire community. Dakshana Scholars have a voluntary moral (but not a legal or contractual) obligation to donate 10% of their monthly lifetime earnings back to the Dakshana Foundation to fund future Dakshana Scholars. They could also choose to give to any other charity of their choice. Or they can choose to give nothing. The choice is yours and we accept whatever you decide. After a few years, we fully expect Dakshana to be sustained and grow from this voluntary giveback and help an increasing number of impoverished and gifted children every year.

Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I would like to make my life and talent used for becoming an IIT engineer which is the present day super science to gain knowledge and take part in the increasing technology contributing something or the other for it from my side. IIT coaching provided by Dakshana foundation to the students like me make us prepared for the IIT examination and paves the way for us to enter into the top IITs in India. IIT is the fast growing super field to choose, as it helps the country to improve a lot in almost all fields. I think it is the best way of serving my India.

Moreover, it would help in proving my talent and would make India a developed country. It would be a bridge in the process of fetching foreign exchange for India which makes it in turn self-sufficient in all aspects. Service to motherland is something which can't be compared to any thing and is the greater responsibility of me as a citizen. I think that as I strictly want my rights, in the

same way I have to fulfill my obligations not only towards my family but also to the country.

I also have a strong desire to establish an institution which cares for the orphans and old who are ill treated by some people. God would help me to do so and I would like to do it through IIT as one of the way of serving our country. People like Mr. Narish Phatrai could be found in the present day scenario very rarely. I would hence like to make use of his contribution to become useful for the country as a Dakshana Scholar.

I would like to become a Dakshana Scholar and hopefully would like to attend IIT to become someone about whom my parents and motherland would be proud of. It is also my parents' wish and I've made my mind firmly to concentrate on IIT with dedication and devotion. I promise that I would definitely become an useful creature and would serve my motherland, India from the core of my heart.

Jai Hind...
