

The Dakshana Foundation Application to Become a Dakshana Scholar

Full Name G. K. AMARNATH

Dakshana Scholars are gifted, but impoverished students who aspire to attend The Indian Institute of Technology (IIT), but cannot afford to be coached professionally by a world-class IIT JEE coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of tuition, boarding, lodging, books and incidentals. In order to be eligible to apply for becoming a Dakshana Scholar, ALL of the following conditions must be met:

1. You must qualify in the Dakshana IIT-JEE selection test and personal interview. The decision of Dakshana in this regard is final.
2. Must have atleast a 75% average in Physics, Chemistry and Mathematics for every year (9th through 12th standard) that the applicant has completed.
3. The total typical household monthly income (total income of all members of your immediate family) is under Rs. 7,000 per month.
4. The total assets of your immediate family (including any savings, real estate or property) is under Rs. 1 Lakh.
5. The Dakshana Foundation believes that the beneficiary of aid today is the donor of tomorrow. We believe that helping gifted, impoverished students get a world-class education has a very high return on invested resources to the individual, the family and the entire community. Dakshana Scholars have a voluntary moral (but not a legal or contractual) obligation to donate 10% of their monthly lifetime earnings back to the Dakshana Foundation to fund future Dakshana Scholars. They could also choose to give to any other charity of their choice. Or they can choose to give nothing. The choice is yours and we accept whatever you decide. After a few years, we fully expect Dakshana to be sustained and grow from this voluntary giveback and help an increasing number of impoverished and gifted children every year.

Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I am interested in IIT from first but I did not know the way for it. The dakshana foundation which is helping child like me to join to IIT course was found to be the best one for me. I like to become a software engineer which can only by the help of dakshana foundation so I like to become dakshana scholar. My family background and my way, how I read HA now are with so many distractions. At first I was helped by Navodaya sanstha. I am sure that definitely I will become a dakshana scholar and I promise it that I will get selected for IIT. There are only 7 IIT institutions in which around five thousand in which some two or three hundred seat are for rural students because I join IIT institute like Kanpur, etc. and all will agree that seat so we can not afford the money to that institutions so I am very thankful to dakshana

For helping student like me. In India these like people are very less. But who one is helped by other he will also have a role of it like these if become of dakshana scholar will help the other dakshana scholar in future or they will help other rural people in the village. If I selected to the dakshana or not I will help as much as to my rural students so that India become a developed country not a developing. we the Indians should make effort to develop India. This will be the way one which should be seen in the future. If institutions, foundations like dakshana works the Dakshana scholars are gifted with heavy and intensive coaching by famous coaching Institute so that the talented student can be selected to the IIT (Indian Institute of Technology) and serve our country in a very different way like dakshana does.

(You can use this form or a separate piece of paper. Please submit the essay in your own handwriting)
